CSR Policy

THE SIAE STRENGTHENS ITS CSR POLICY (CORPORATE SOCIAL RESPONSIBILITY)

When you register, you will be charged an eco-participation fee based on the surface area reserved. This financial contribution is intended to support socially and environmentally responsible projects.

Several major projects and initiatives are currently being developed:

To improve waste management.

New process for collecting surplus food.

Quality of life at work on site.

Physical and digital access for people with special needs.

Producing a certified greenhouse gas (GHG) assessment for the Show.

Find more information on our approach and our actions in the 2025 **Technical Guide** and on your **Exhibitor Area**.

CHALETS OPTIONS

**ENHANCE YOUR RECEPTION SPACE
AND OFFER YOUR GUESTS A UNIQUE
AND INCOMPARABLE EXPERIENCE.**

We offer a range of additional facilities to make your Chalet more comfortable.

You can choose to enlarge your reception area with a terrace, automate your openings, protect your customers from the sun with automatic awnings, increase your visibility with additional masts, modify the position of the elements making up your facades...

You will be able to order these options from October 2024 in your **Exhibitor Area.**

If you would like advice and help in fitting out your chalet, contact us:
